

Junk Modelling Activity

Recycled Milk Carton Fairy House

Recycled kitchen & toilet rolls used to create a marble run

How does Junk Modelling help a child's development?

- It develops problem solving skills
 - Builds self confidence
- Develops fine motor skills
- Develops negotiation and communication skills
- Teaches children about recycling.

Recycled Juice Carton Bird House
for your feathered Friends

**Let the children create
a completely random sculpture,
there is no right or wrong.**

Let's have some fun!
